

**Olive View-UCLA Medical Center**  
Position Available  
***Registered Nurse II***  
***Infection Control***

Olive View-UCLA Department of Infection Control is currently seeking a highly qualified individual who is interested in working for the Infection Control Program. This position reports directly to the Director of Infection Control.

**Responsibilities:**

- ❖ Conduct targeted surveillance and special studies.
- ❖ Analyze quarterly hospital acquired infection data, tabulating rates and preparing reports for the Infection Control Committee.
- ❖ Monitor compliance of hospital personnel to relevant infection control policies and procedures.
- ❖ Report data to NHSN
- ❖ Provide orientation to Infection Control for new employees.
- ❖ Communicate effectively with staff (nursing, physicians, ancillary departments) regarding pertinent infection prevention/control concerns and develop collaborative solutions (includes regular multi-disciplinary rounds).
- ❖ Collaborate with the Employee Health Service
- ❖ Report communicable diseases and acting as a liaison with the Public Health Department.

**Desirable Qualifications:**

- ❖ Excellent verbal and written communication skills
- ❖ Knowledge of statistics and epidemiology
- ❖ Ability to work independently
- ❖ Ability to handle a number of assignments simultaneously

Candidates must currently be a permanent County of Los Angeles employee who hold the payroll title of Registered Nurse II to be considered for a lateral transfer or a reachable candidate on the DHS certification list to be considered as a new-hire.

Resumes will be accepted until the needs of the department are met.

Interested applicants, please submit a copy of your resume, performance evaluation and your attendance documentation for the past two years to:
